

EURO mof 20 19

3rd International Conference on Metal Organic
Frameworks and Porous Polymers

October 27th – October 30th 2019

Exhibition and sponsoring information

www.euromof2019.sciencesconf.org

The third edition of EuroMOF will take place from 27 to 30 October 2019 in Paris. This high-level congress brings together about 500 researchers from the MOF community. Recognized specialists and young researchers share the same spaces for 3 days.

Organized in an exceptional site, in the heart of the French capital, Euromof 2019 is the event not to be missed. International conferences will show the latest advances of the field and networking will be easy through different dedicated spaces.

For your company, it is a unique opportunity to enlighten your technology, expertise and implication in international research.

Therefore, we invite you to be an active part of Euromof 2019 as a sponsor.

*Dr. Christian Serre, Institut des Matériaux Poreux de Paris
Prof. Guillaume Maurin, Institut Charles Gerhardt Montpellier*
